She thinks she's living the life of a literary princess in the midst of all this decadence. This world. We had no idea it existed." Porter turned back to the mural. "Last night," he said, "museum curator Dr. Jenkins said that Ophelia McIntyre may have run away from Haverhill because she was unhappy at home and wanted to find a new town on the other side of the world." "Most people do that," she said. "I'd happily go
