What They're Saying: "Watch the way the ball flows through the midfield and the way the one-on-one defending is handled, and watch the creative freedom of players like Mohamed Salah, Kylian Mbappe and Eden Hazard. The brilliance of so many players, in so many different roles, is astonishing."- 148Apps.com "With a brilliant opponent right from the opening whistle, FIFA 21 manages to remain fun, absorbing, and full of strategic depth for many of the past 40 years."- Vice Sports "Matchday is a daily, turn-based, tactical football game. You start every day with no team and everything is up for grabs as you try to progress in the matchday, win cups, and get promoted up to the next division." - TGN, Eurogamer "The basic shape of the gameplay (building up from midfield, overloading the centre of the pitch, defending for territory and points) remains the same as FIFPro have been refining in their computer simulations for years. However, it's the detail that will go some way to making this the best FIFA yet."- FourFourTwo "FIFA 21 has the highest quality visuals I've seen in a football game since the release of Football Manager 2013's game engine."- MaximusGaming
